

**AIOS-ARC PG Thesis Competition
(Young Researcher Award)
Winners**

Rank	Name		Membership No.	Thesis	
1	Dr. Hitisha Mittal	7639982157	H25683	Rescue of Conjunctival Lymphatics with Retinoic Acid after Mitomycin-C Induced Inhibition in Rat Eyes	First Prize
2	Dr.Neelima Mathew	8281126677	N23756	Functional vision assessment in children with global developmental delay coming to a tertiary care centre	Second Prize
3	Dr.Pragya Ahuja	9810438547	P24290	A study on candidate gene polymorphism in patients of diabetic retinopathy in Indian population	Third prize
4	Dr.Shalin Shah	6353260306	S23274	Alteration in retrobulbar hemodynamics after orbital decompression surgery for thyroid eye disease	Consolation Prize
5	Dr. Nishi Prasad	9742615071	N25455	Study of role of fetal hemoglobin in development of retinopathy of prematurity in preterm babies	Consolation Prize
6	Dr.Anupam Singh	9559255661	S24626	Comparison of Optical Coherence Tomography Angiography and Fundus Fluorescein Angiography in Patients with Diabetic Maculopathy	Consolation Prize
7	Dr.Parvathy Narayanan S	6282927491	P25885	Evaluation Of objective factors affecting the visual outcome of Optic Nerve Sheath Fenestration Surgery (ONSF) in patients with idiopathic intracranial hypertension (IIH): A study in covid era	Consolation Prize
8	Dr. Saurabh Haral	8983655319	H24390	A Comparative Trial: Topical Interferon Alpha 2b versus low dose Tacrolimus for Vernal Keratoconjunctivitis Therapy.	Consolation Prize
9	Dr.Jayadev Nanda	8763315324	N26010	Comparison of Ganglion cell layer thickness and Pattern electroretinography among glaucoma suspects and healthy controls	Consolation Prize
10	Dr. Hirika Gosalia	9664955166	H24659	MACULAR STRUCTURAL ABNORMALITIES IN PATIENTS WITH METAMORPHOPSIA AFTER RHEGMATOGENOUS RETINAL DETACHMENT SURGERY	Consolation Prize
